Innumerable Acts of Kindness

COVID-19 brought on many challenges for Bulgaria, but it is also unleashing innumerable acts of kindness.

In the course of our daily work, hundreds of examples of Bulgarians going out of their way to help other Bulgarians are brought to our attention. Whether it is individuals banding together to deliver food and medicine to their fellow citizens in need, NGOs stepping up to care for the elderly or to facilitate online learning for our children, or businesses donating to local initiatives, the outpouring of support has been extraordinary.

Every week, we will bring you a sampling of the stories that inspire us. We hope they will inspire you too and convince you that good is, in fact, more contagious than the virus.
